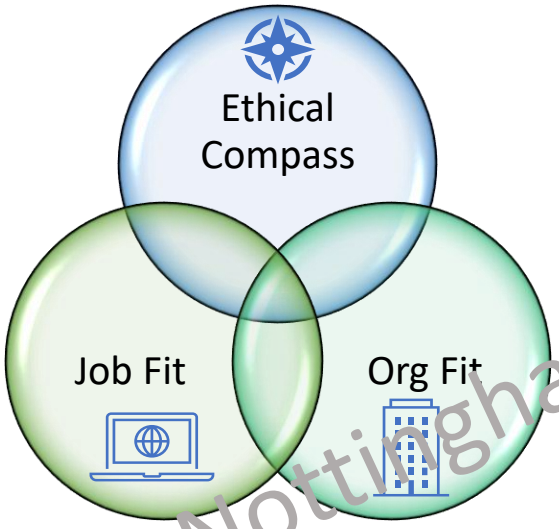
What Values Do I Bring to the Table?

If you've ever worked in a job that just didn't feel right:

- You didn't agree with the way the company did business
- You felt you had to justify why you worked there to family or friends (or yourself!)
- The work environment caused you more stress than fulfillment

Your values may not have matched well with your work.

Three Value Areas:



What is your dream job? Why?

What is your nightmare job? Why?
